

Son-Goku meets Mr. Satan

Once upon a time, a little boy named Son-Goku lived in a forest named "Sherwood". Son-Goku was very small. He was about 14 years old, but he was still only 150cm tall. He lived underground. Not as an agent, but in a little cave down in the earth. He has a little fireplace. If he wanted something to burn in it, he just walk outside, pull a tree up at the ground, and smash it into pieces. That's could he do, because he were very strong. He always ate a lot, and he almost only ate meat. He just walked around outside and looked after something to ate. If it were a bear he found, he take a stone there were bigger than himself, and throw it right into the bears head with a big smash. That's how he lived.

But this day was not normal for Son-Goku. When he looked after food, he saw a little man, just as himself. Son-Goku walk over to the little man, and said: "What is you doing in my forest little man"?! The little man got a chock. But he answered: " I just look for my little bluetooth tiger named Robin Shit. "Robin Shit?! What is that for a name little man"?! Son-Goku said. The little man answered: "I now it is a strange and stupid name, but it were its name when I buy it, and it not reacting on other names! And stop calling med "little man", my name is Satan, Mr. Satan. And what is your name, and what is you doing here"? Son-Goku laughed by the little mans name, Mr. Satan. After about 5 minutes, he could talk again. Then he answered: "My name is Son-Goku, and I live here. And this "bluetooth tiger", Robin ha ha ha Shit, how is it looks?" Mr. Satan answered: It is very big, about twice as big as we are together. And it has a lot of hair all over the body. And it got a very long tail, and all the teeth is blue. That's why it is named a bluetooth tiger". Son-Goku said: Oh shit, I ate it last night, sorry"... Mr. Satan said: "What! Have you eaten my bluetooth tiger Robin Shit?! What is you think you doing? Now I need to kill you, so I can get it reborn at Reborn A/S. They need a dead body, so they can transform it into another creature. But if they should get a body, it cost 500.000 dollars, and I don't have so much money! But whit your body it only costs about 100 dollars." Son-Goku quickly answers: "You don't have to kill me, you can get 500.000 dollars at the big world championship in fighting". Mr. Satan said. I have heard about it, but I don't think I am strong enough. So I kill you later, when I have collected my new shitgun, æhh I mean shotgun". Son-Goku doesn't now what a shotgun is, so he just walk away.

The next day, he suddenly heard a loud noise, and got some tiny bullets in he's head. Son-Goku screamed: "Who the hell throw some balls into my head?! Come and fight as a man you little asshole"!!! Now Son-Goku hears a little voice. It said: "Sorry Son-Goku, it was a accident"... It was Mr. Satan. He stud on a little hill, whit he's shotgun. He had tried to kill Son-Goku, but he is not so easy to kill. Mr. Satan was very surprised, because he had shot 3 times! Son-Goku now picks op a stone, and threw I into Mr. Satan's head so hard, that he fell down of the hill. But Mr. Satan was a very hardy man, so he doesn't get hurt. But now he said: Sorry Son-Goku, when is the big championship hold"?... Son-Goku was very friendly, and stupid, so he had already forget that Mr. Satan tried to kill him whit a shotgun. So Son-Goku answered: "It is in the next week, and I will fight so I can be stronger! But I don't now what I should use the money on, so if I win, you can have the money". Mr. Satan said: "All right, that's fine to me"! Mr. Satan just said it because he now that Son-Goku was a lot stronger than him.

So the next week Son-Goku has to fight against a lot of very strong men. He new there was not women's, because they were so slacken. Son-Goku trained a lot the next pair of days, so he could win the championship in fighting.

When the big day came, Son-Goku run 300 kilometres in just 2 hours to get to the place were the championship was held. Mr. Satan fly with a aeroplane he just have stolen from his rich neighbour... He just wants to see Son-Goku's fight. All the battles were 1 against 1, and there were 120 peoples. Son-Goku was now even stronger than he ever has been. And he was in top shape! All

the first battles were easy for Son-Goku. He doesn't get any serious opposition from he's opponents. But in the final, it was different. He was against Dr. Evil. He had won the last 5 years! Son-Goku thinks that Dr. Evil must be very strong. And he was! When the battle begins, he started to hit Son-Goku so hard, that he fly trough the air, and make a hole at the battle arena when he landed again! Son-Goku run straight in front of Dr. Evil, and makes a little jump and kicked him in the face so hard, that Dr. Evil fell to the ground! After that, they bough stud and punch after each other. They hit each other many times, but they were bough very hardy. They just stud there and hit each other in long time, but when the crowd started to shout that they want a winner from a real battle, not a winner because the opponent was too tired to continue. So Son-Goku jumps high in the air, and kick Dr. Evil so hard in the head, that he fainted. So could the judge count him out. After 10 seconds, Son-Goku won. After that he got the money, and so he run up to Mr. Satan and give him the money. So could Mr. Satan get his pet Robin shit reborn at Reborn A/S. So the next day comes Mr. Satan whit a little bluetooth tiger. It was Robin shit. But now had Mr. Satan give his bluetooth tiger a name by himself. It was named Son-Gohan, after Son-Gokus father.

Now could they all live happily to their days end!
