

Denmark  
29 November 2003

Dear Maria.

Tanks for your last letter, I'm glad to hear that you soon come and visit me. It is so long time since I have heard from you, is there something wrong? I am glad to your com, it will be very comfortable. It will be very fun when you came to Denmark.

We shall see so many thinks, wee shall in Tivoli and drive in the big switchback, it will be very fun, and we shall eat some big ice cream. They taste very good in Tivoli.

We can also go to festivals, you came right in the middle of at big and beautiful festival called "Skanderborg Festival".

I can bye thickest now if you want, it is very cheap.

We can take on canal circular in Copenhagen; we can se "The little mermaid", and if you wan, cant we go on a big market called "Fisketorvet" there you can bye almost anything. It will be so great; it's easy to spend much money there.

If you want, can't we drive around "Scharkenborg Slot" and see the Queen and maybe if we are very lucky, we can see the crown prince – and princess Frederik and Mary. Mary comes from Australia, you know that, right?

She is a very beautiful woman, and I think that she will be a good Queen, just like our Queen Magrethe is now.

Do you talk a lot of her down in Australia? Is it not strange to have an absolute normal girl, and suddenly she shall be the Queen of Denmark?

She is always in our scandal newspaper; it must be very strange for her!

You can just write on my address or call me if you have some questions.

Do you know that time you came to the airport? I will come and pick you up, and then we can go to a restaurant in Copenhagen. Do you want to do that?

You don't have to answer it now!

I pleasure me to see you, and I hope it will be to something that time, it was very irritated that you don't could came the last time.

Maybe I can come to Australia to visit you; I will love to see your country. It is so different than small Denmark. In Denmark have we no mountain or enormous desert, the animal in Australia live not in Denmark beside of them in the Zoo.

I will love to se a kangaroo, a koala or a very big snake.

Love from Mie.
